WHAT IS THE SUPPLEMENTAL LITERACY PROGRAM?

The Supplemental Literacy Program was developed to support the need for trained volunteers to serve as tutors for Missouri Adult and Education and Literacy (AEL) participants whose basic literacy skills (Reading, Mathematics, Writing, and English language skills) are at the lowest Educational Functioning Levels. Generally, AEL participants' whose first language is English, and whose skills in the above subject areas are at or below grade equivalent 5.9, are considered "Literacy Students" in Missouri Adult Education and Literacy class sites. Immigrants whose basic literacy skills in the above subject areas are at Educational Functioning Level 4 or lower (CASAS 220 or lower) are considered "Literacy Students." Supplemental Literacy Funding was established to financially support programs that develop and maintain a cadre of trained volunteers and a Literacy Coordinator.

The Supplemental Literacy Program (described in this manual) includes rules and guidelines for training volunteer tutors, volunteer tutor activities in AEL class sites, Literacy Coordinator activities, and Supplemental Literacy funding.

SUPPLEMENTAL LITERACY DEFINITIONS AND TERMS

Literacy Coordinator – The Literacy Coordinator trains volunteers. He/she manages volunteer activities, matches volunteers and literacy students. The Coordinator also networks with community-based literacy organizations. To receive Supplementary Literacy Funds, an AEL program must employ a trained Literacy Coordinator (see Literacy Coordinator Job Description below) or the program may utilize a trained Literacy Coordinator who is employed by a local Literacy Council.

Volunteer Tutors – Tutors are unpaid volunteers who have received training which has been approved by the Department of Elementary and Secondary Adult Education and Literacy office. (see Missouri AEL Volunteer Tutor Training Modules, below).

Tutor ID Number – When tutors have completed training, the Missouri Adult Education and Literacy Section of the Department of Elementary and Secondary Education will assign a Tutor ID Number and issue a certificate. Supplemental Literacy Funds are paid to programs who have documented volunteer hours generated by a certified tutor.

Volunteer Literacy Hours – One documented volunteer hour is accomplished by a certified, trained, tutor who has been assigned a Tutor ID Number, meeting one-on-one or with a group of Literacy Students in an approved AEL class site or approved Public Library site, during approved class hours, and under the supervision of an AEL-certified teacher. **If a volunteer is conducting a group activity, only one volunteer hour may be recorded for each hour of that group activity.** *This definition includes only those volunteer activities with Adult Education and Literacy (AEL) students whose Tests of Adult Basic Education (TABE) Mathematics, Reading, or Language pretest scores are below Grade Equivalent 6.0, or ESL students whose Comprehensive Adult Student Assessment System (CASAS) Reading, Listening, Writing, Speaking, or Mathematics pretest Scale Scores are below 221.*

Approved Locations for tutor activities – Supplemental Literacy Funds will be paid to approved AEL class sites or public library sites for time officially documented on the “Class Schedule Form”. Both volunteers and Literacy Students must sign the official sign-in forms. Forms without the required signatures will not be accepted for payment.

Reporting Volunteer Tutor Hours – All approved Adult Education and Literacy programs who receive Supplemental Literacy Funds will submit to the Adult Education and Literacy office, the total Volunteer Tutor Hours accumulated under each certified tutor’s name. The program must maintain a spreadsheet during the Fiscal Year in such a manner that Volunteer Tutor Hours can be tracked to class site sign-in sheets used by Literacy students and volunteer tutors.

At present those programs that have a Supplemental Literacy program should use the Annual Report Form for Total Volunteer Hours and Literacy Hour Reimbursement when requesting reimbursement and the end of the fiscal year. The form is located on the DESE web site.

In the future those Volunteer Literacy programs who have access to ACES may be assigned code numbers to designate the different Volunteer Literacy class sites and the Volunteer Tutor hours generated will be recorded in the ACES system.

Volunteer Literacy Organizations (Literacy Councils) – Such local organizations are considered community-based organizations (CBOs) not financially supported by public funds that conduct volunteer-tutor activities for: adults who cannot read, beginning readers, or immigrants who need to acquire English language skills.

Supplemental Literacy Funding Allocation – Supplemental Literacy funding is based on the previous year’s documented, reported, and audited AEL Volunteer Tutor Hours. A newly established Supplemental Literacy program may qualify for “start up” reimbursement providing they generate 200 or more tutor hours the first year. (See chart below for calculating the amount of reimbursement a program might receive.)

Note: Hours acquired by a Literacy Council may be reimbursed by the AEL Program from their allocation at a rate to be agreed upon by the program and the Literacy Council involved.

Tutor Hours Accumulated	Amount of Allocation
Start Up (at least 200 hours)	\$ 2000.00
200-500	2000.00
